

get your attorney to search the office appointed for that purpose in the Temple, and when he finds that judgment is actually signed, he must give notice to the plaintiff's attorney to attend the master to tax his costs, at which time your attorney must have a writ of error ready and give it to the plaintiff's attorney before the master, which puts him to a very great expense, as he will have the same charges to go over again. The writ of error will cost you 4*l.* 4*s.*: if you want to be further troublesome to your plaintiff, make your writ of error returnable in Parliament, which costs you 8*l.* 8*s.*, and your plaintiff 100*l.*; should he have the courage to follow you through all your proceedings, then file a bill in the exchequer, which will cost about five or six pounds, and if he answers it, it will cost him 80*l.* more; after this you may file a bill in Chancery, which will cost about 10*l.*, and if he does not answer this bill, you will get an injunction, and at the same time an attachment from the court against him, and may take his body for contempt of court in not answering your last bill; you may file your bill in the court of chancery instead of the exchequer, only the latter costs you the least. If you are at any time served with a copy of a writ, take no further notice of it than by keeping it: when you are declared against, do not fail to put in a special plea immediately, and most likely you will hear no more of the business, as your plaintiff will probably not like to incur any further expense, after having been at so much.
